A report from Sen. Ron Johnson claims U.S. health officials ignored critical warning signs tied to COVID-19 vaccines, sidelined internal analysis, and suppressed findings from within the FDA itself.

This wasn't incompetence, it was a deliberate cover-up that endangered every man, woman, and child who trusted the government.

Americans were lied to. Lives were shattered. Accountability is overdue.

"Americans, this is a full-scale BETRAYAL!"

Sen. Ron Johnson

"Today my Senate report exposes the FDA's MASSIVE cover-up of devastating COVID-19 INJECTION INJURIES."

"Biden health officials KNEW their own VAERS algorithm was hiding 25 deadly safety signals — including SUDDEN CARDIAC DEATH, heart attacks, blood clots, neurological damage, and dementia."

A senior FDA medical officer, Dr. Ana Szarfman, developed a superior system that actually flagged these horrors.

They ordered her to "CEASE AND DESIST."

They called her life-saving work a "major distraction."

They buried the truth and kept jabbing millions of Americans anyway.

This wasn't incompetence. This was a deliberate cover-up that endangered every man, woman, and child who trusted the government.

The American people were lied to. Lives were destroyed. Justice must be served.
